To whomsoever it may concern

M/s One Source Technologies LLP was engaged by us as a sub contracted Technical and execution consultants in the area of Finishing in the Prestigious HIAL expansion project (Hyderabad International Airport limited).

We would like to place on record our appreciation on M/s One source Technologies LLP for the professional competence demonstrated by them in providing support to us for the above project. They were able to quickly bring on board appropriate technical and supervisory personnel for effective onsite supervision and monitoring of finishing works through a team of competent technical staffs at their disposal.

They worked together with our team in a very cohesive and interactive manner to provide quality support and value added inputs to us in execution of finishing activities in the project during their tenure at HIAL expansion project.

This letter is issued purely based on the request from M/s One Sources Technologies and in good faith. We offer our best wishes to the organization for continued success in future venture.

For Larsen & Toubro Limited

Joseph Peter

Head – Finishes
