TO WHOM IT MAY CONCERN

M/s One Source Technologies LLP was engaged by us as a subcontracted Technical Consultants for packaging and execution of Finishing works for the prestigious BIAL Terminal 2 Project at Bengaluru.

We would like to place on record our appreciation on M/s. One Source Technologies LLP for the professional competence demonstrated by them in providing support to us for the above project. They were able to quickly bring on board appropriate technical and supervisory personnel for effective onsite deployment as well as excellent back office support in planning and organizing through a team of highly competent technical staff at their disposal.

They worked together with our team in a very cohesive and interactive manner to provide high quality support and value added inputs to us in procurement and execution of various finishing packages for the project.

This letter is issued in good faith and without prejudice to the contract with M/One Source Technologies LLP.
