Dear Mr. N. Veeraraghavan

Re : One Source – Our Key Source for Success of KNS ANIRVAN – Plotted Development Project of 33 Acres at Bangalore.

One of the key drivers for the brand KNS to deliver on its promise is ONESOURCE.

M/s One Source Technologies Private Limited, was engaged by us as Development Manager for the execution of **KNS ANIRVAN - 33 Acres Plotted Development at Bangalore.**

We still recollect the crisis we faced in our projects implementation and how your team jumped in with all passion to save us from an imminent threat of the project awry!, **that was a true example of what a “Friend in need” is.**

Since we started the project in 2010 till now, what has been remarkable about you and your team is the **“Ownership”** in the layout development and **going beyond the call of duty to make our dreams come true through a very passionate participation.**

It has been a remarkable eye opener for us to see a team like yours, **totally ethical, sincere and committed** to the cause and pursuing the purpose with lots of passion and zeal, proactivity was your single biggest trait that pushed everyone to be on their toes and perform to achieve the perfection; in fact your team inspired us to continually improvise and deliver better.

We would like to place on record our appreciation of **One Source** for the professional competence demonstrated by them in providing support to us for the above-mentioned project. They were able to quickly bring on board appropriate technical and supervisory personnel for effective onsite deployment as well as excellent back office support in planning, procurement and organizing a team of highly competent technical staff at their disposal. They also completed the assigned project within the scheduled time with right quality and right cost.

They worked together with our team in a very cohesive and interactive manner to provide high quality support and value-added inputs in procurement, planning and execution of various activity for the completion of the project.

Many a challenge we faced in this arduous journey to completely revamp, reconfigure and recast the project and the proof that we overcome every one of them and have this Prestigious Plotted Development that is very unlike a Regular Plotted Development for everyone to experience and believe makes us truly proud and we hold our head high.

Every time, one acknowledges applauds and appreciates this Plotted Development Project, a part of credit always accrues to **ONE SOURCE Forever**.

Veera, Ramesh, Srikanthan, this is your project – Plotted Development and in hindsight it is so evident and clear that we made the right choice in choosing you as our project partners to develop the project and that you delivered beyond all our expectations and that speaks volumes of the competency and capability of **ONE SOURCE**.
